## **Vision**

365DESIGN is a new media platform for the interior and design industry with trend updates, news and seminars – both offline and online.

The platform contains four printed editions as well as online portal with news from the interior and design industry, economy and figures, consumer and design analyses and trend inspiration from all over the world.

Our vision is to strengthen the level of knowledge and innovation as well as to cover the decision makers' needs for knowledge and inspiration about the interior and design industry – and give it to them!

## **Editorial profile**

365DESIGN communicates knowledge about and insight into trends, consumer behaviour, lifestyle, design, economy etc. We write about fairs, products, news and brands as well as trends and colours of the season – focusing on what people in the industry require.

We cover the most important design and interior fairs, before the fairs are held, give an overview of dates, events and exhibitors and follow up on the online portal with the most important news from the different fairs.

## **Target group**

365DESIGN is targeted and written for retailers, CEOs, chain managers, store managers, purchase managers, sales managers, marketers, designers, product developers and everyone interested in design, who want to stay informed about the industry as a whole, but also about new companies, new products, trends, colours etc.
